

Winter Weather Policies

This is just a reminder of what our policies are for inclement weather days. We follow the same inclement weather schedule as Guilford County Schools.

When Guilford County Schools are closed our school is closed also.

If Guilford County has a delayed start we will do as follows:

1 hour delay: We begin drop off at 9:15 am

2 hour delay: We begin drop off at 10:15 am

3 hour delay: We will close school for that day.

In the event that Guilford County decides to close school early, then we will do as follows:

We dismiss our children 30 minutes prior to the time that Guilford County dismisses their elementary children. For example, if Guilford County dismisses at 11:00 am we will dismiss at 10:30am. Guilford County normally releases their elementary students at 2:30 pm. If they release 2 hours early then we will dismiss at 12:00. This not only gives our teachers time to get to their children, but also our parents time to pick up children here and get to older siblings before driving conditions possibly become hazardous.

If Guilford County is out of school for more than three consecutive days, the Children's Learning Center **may** open school on the fourth day provided the roads and our facilities are safe for families and staff to return. You will receive notification from your teacher letting you know of this decision. Always stay tuned to your local TV stations for the latest weather updates and school closings.

Thank you in advance for your understanding and patience as we continue to do our best to keep everyone safe as we come to school each day.
